

**Providence Medical Group
Primary Care Behavioral Health
Internship Admissions, Support and Initial Placement Data**

Program Disclosures:

- Neither the Internship Training Program nor Providence Medical Group requires students, trainees, and/or staff (faculty) to comply with specific policies or practices related to the institution's affiliation with the Catholic Church.

Program Admissions:

- Intern candidates must be enrolled in an APA accredited doctoral program in clinical psychology and must be acknowledged by their academic program as being in good academic standing. In addition, a practicum experience in a medical setting is preferred but not required.
- Practicum experience in healthcare setting with behavioral health integration setting is highly preferred.
