

Providence St. Peter Family Medicine Ambulatory Care Pharmacy

Interview Outline

We strongly encourage candidates to e-submit their application as soon as they know they are interested in applying. This will provide the most opportunity for adequate planning of interviews.

You *do not* need to wait for your transcripts and references to arrive in PhORCAS to e-submit. St Peter Family Medicine Pharmacy Residency will continue to accept any late transcripts as long as you have submitted your portion of the application and references by the deadline.

The deadline for e-submission is **January 2nd**

Virtual interviews will be offered on the following Mondays in 2025:

- **February 3rd**
- **February 10th**

Planning for an interview

Interviews will be held virtually through Thalamus. A link to download Thalamus will be sent to you in your invitation to interview.

Once you have access to Thalamus, you will be able to select the interview day that works best for you.

One week prior to your interview:

- Submit a picture for us to load into PhORCAS
- Submit answers to supplemental questions which can be found on our website: gme.providence.org/spfmpharm
- Submit materials related to your 20-minute presentation

Day prior to your interview:

- You are invited to a virtual Meet and Greet with the current residents which will include brief video tours of Olympia and our family medicine residency clinics.
